Dear Disciples

August 13, 2021

Transcript

Hello, Disciples. Thank you, thank you, thank you. What a time, what a time, what a time we had at the Disciples virtual gathering last Saturday.

The whole church showed up in all of its many diversities, in all of its energies and excitement. From Bible lectures in the morning with Dr. Yolanda Norton and Dr. Eric Smith, to a wide variety of workshops, to worship, closing our time together at the Lord's Table, we explored new technology that brought us together, making sacred space out of digital space.

If you didn't have a chance to order the on-demand option that will allow you access to the recordings of the sessions, you can still upgrade your registration to do that. Just go to Disciples.org and you'll find information and you should have received an email if you were registered, offering you that opportunity.

What a time, what a time. I can't wait until we're all together again in Louisville, Kentucky in July of 2023.

Until then, remember, that God loves you, and so do I.
